

LOFT

Loft

With its simple but self-evident design, Loft easily blends into its surroundings and fits in most rooms! Loft has a double throw-in and can be placed in the middle of the room or corridor for easy access. Choose standard white or stand out with an accent color that elevates the interior. Loft is also available in an outdoor version with more durable varnish, perfect for harsher environments. Can be supplemented with a protection tray and can also be floor-mounted for more stable storage.
